THE CLEARFIELD PROGRESS, CLEARFIELD, PA., SATURDAY EVENING, MAY 10, 1924.

NUMBER 111

AL VOTING ON TAX BILL STARTS AT 2 P. M. TODAY

DISPROVE CHARGES MADE BY SOUSER, KLEAGLE OF KLAN

By WILLIAM K. HUTCHINSON
(1 N. S. State Correspondent)

Ebensburg, Pa., May 10. (INS.)—

Washington, May 10.—Facing the probability of a Presidential veto, the Senate prepared today to enact a new revenue bill based upon rates proposed by a Democratic-surgent coalition and a repudiation of the Mellon plan of tax reduction.

The committee appointed by the Cambria county board following an investigation held here has reported that the 26 Lillies held in jail here on charges of murder in connection with the Lilly, Pa., riot are being given the usual treatment accorded prisoners.

A final vote upon all pending amendments and the bill itself was to start at two o'clock this afternoon under an unanimous consent agreement. The measure then will go to conference for adjustment of rates, which differ from those embodied in the Longworth bill, passed by the House last week.

The committee reported that there was no evidence to sustain the charges made by the petitioner, and that all testimony heard was in direct contradiction to the 10 specific charges made.

Examination and cross examination of witnesses heard in the commission's office and further testimony taken at the county jail resulted in the report as filed, it was reported today.

According to the report, the Lillies were given unusual freedom at the religious services held in the jail, considering the charges upon which they are held. A mild epidemic of typhoid and cold, had been prevalent in the prison where 260 inmates are confined. The most serious case was that of Reuben Miller, of Johnstown, a Lilliesman, who is now reported to be recovering.

YELLOW DOGS ARE ALREADY PLANNING MONSTER LABOR DAY

A group of 32 money curs were initiated into the manifold mysteries of the Dogdom at the Curwensville town square last evening before a cheering, barking, howling pack of dogs from every section within a 20-mile radius of our lively town.

Cur Grant Norris "put the dogs on the new dogs, which is tantamount to saying that the work was done spectacularly and artistically."

A number of the Lilly citizens, arrested in connection with the fatal riot and also held on murder charges are also suffering slightly from the epidemic, but none are reported seriously ill. John Bradley is the most worried of those on the Lilly side of the case. Bradley and a grown son are among the prisoners and two days after their incarceration, Mrs. Bradley gave birth to a son.

The men are given freedom of the "range," of which there are four tiers, when the other prisoners are not out. Every man must take daily exercise, and the usual prison routine is observed by all.

Visitors are allowed each day but only in the presence of jail attendants. The men arrive at 6 o'clock each morning and the men are locked in their own rooms at 8:30 at night.

No complaint can be made as to the conduct of the men on either side, attendants state. Although the men are not placed in the same cells or ranges, they occasionally talk, but no personalities enter the conversation.

As a result of the House vote the conference report will not be submitted to the Senate until the conference have had a chance to work out a revision.

Mrs. W. S. Caldwell and daughter Evelyn of Glampian, were in town on a shopping trip, Friday.

Mrs. Ira Taylor was called to Emporium on account of the sudden illness of her grandmother who had a stroke of apoplexy.

The Yellow Dogs have taken upon themselves the task of improving the town of Curwensville, making their headquarters in that direction last Labor Day.

An auditorium or pavilion is one of the crying needs of this place and funds for same would have been provided by last year's Labor Day celebration had the weather been so good and not upon the ground in the middle of things.

A group of the Yellow Dogs now have a "hundred dollars" buried toward the completion of an auditorium and it is hoped that the report from the coming Labor Day celebration will be ample for the completion of the needed building. It is a good cause and all good fellows will be glad to help. So whatever comes or goes in between or hereafter, let us see you at Curwensville on Labor Day.

Funeral services for the late Commodore James Sutton, Sr., will be held at his late home on Locust street, Monday afternoon at 2:30. Rev. Bell and Rev. John P. McCurdy will officiate. Interment at Hillcrest.

Friends who wish to view the remains may do so from 10 a. m. until 2 o'clock p. m. Monday.

Mrs. George Kendrick left today for her home in Sewickley after spending several enjoyable weeks with her family and friends here.

Supt. Marshall Kanour of Osceola, was a business visitor here this week.

Mrs. Louise Bailey of DuBois, was in the week visiting friends and acting as juror.

For 11 hours Helen Duncan, aged 2, kept frightened vigil beside the bodies of her mother and father. In the presence of the child Earl Duncan, Kansas City, Mo., murdered his wife and then ended his own life. The child was found huddled in a corner when police arrived.

At least 35 persons were overcome by monoxide gas, poisoning in the north-bound tunnels leading to the South Hills shortly after 10 o'clock today, when an automobile collision jammed traffic for the tunnel's entire length of one and one-quarter miles.

More than a score of persons were rushed to hospitals, and others from the United States Bureau of Mines and every other available station here were set up at the tunnel's mouth to resuscitate those overcome by the deadly gas.

Ambulances from all sections of the city were sent to the scene.

The new tunnels have only been open a few weeks and regular times of their safety are supposed to have been made. According to a report from the populous South Hills residential suburbs, they are nearly taxed to capacity during the early morning rush hours. With the street car traffic in effect here today they were jammed beyond the usual traffic rush with a heavy influx of traffic.

Police reserves were rushed in patrol wagons to guard against a stampede into the tunnel by would-be rescuers.

Half Auto—Half Airplane

When this new speed demon gets started the occupants don't know for sure whether they're flying or riding. The latest in Paris speedsters, it carries a small airplane motor, built in a light chassis car, and the propeller pulls the car along at terrific speed, blowing up a whirlwind of dust and making a deafening noise.

ROUND THE WORLD FLYERS TO REACH JAPAN NEXT HOP

DUBOIS ENTERTAINS K. O. F. C. CONVENTION FIRST OF THE WEEK

Cordova, Alaska, May 10. (INS.)—Successfully negotiating the longest hop of their Alaskan trip, America's three round-the-world flyers, the Chicago Island of Atitlan, are preparing for the jump across the Pacific which will land them on Japan's coast.

The flyers arrived at Atitlan last night at 9 p. m. Pacific time, according to a relayed radio message received here today.

House Votes 191 To 171 To Exclude Japanese In Accordance With Bill

Washington, May 9.—By a vote of 191 to 171 the House declined today to approve the Japanese exclusion provision of the immigration bill inserted by House and Senate conference at the request of the President.

The measure was sent back to conference, with the House managers instructed to insist on elimination of the provision which would postpone the effective date of exclusion to March 1, 1924, and would request the President to negotiate with Japan for abrogation of the gentlemen's agreement.

At 6:30 p. m. there will be a fourth degree banquet at the Knights of Columbus home, and at 9 p. m. the formal fourth degree ball for fourth degree members and their ladies, exclusively, will be held in the Elks' hall room.

A reception and card party for ladies and other convention visitors will be held in the St. James Hotel during the afternoon.

The convention proper will open Monday will be "Fourth Degree Day." The morning will be occupied with the registration of delegates and visitors at headquarters in the Hotel DuBois and at 3 p. m. the fourth degree will be exemplified for the benefit of an unusually large class in the Elks' Auditorium.

J. J. Lynch of St. Marys, will officiate as Master of Fourth degree.

At 6:30 p. m. there will be a fourth degree banquet at the Knights of Columbus home, and at 9 p. m. the formal fourth degree ball for fourth degree members and their ladies, exclusively, will be held in the Elks' hall room.

Mrs. and Mrs. Lloyd Bloom of South Third street entertained the T. O. C. Club last evening, the time being spent in cards and dancing. At a late hour a very fine luncheon was served.

Mrs. Jane Dunbar of Westover, also did duty at the court house.

THIRTY-SIX OVERCOME BY MONOXIDE FUMES IN TRAFFIC JAM IN PITTSBURG TUNNEL; SEVERAL HAD NARROW CALL

Pittsburgh, Pa., May 11. (INS.)—At least 35 persons were overcome by monoxide gas, poisoning in the north-bound tunnels leading to the South Hills shortly after 10 o'clock today, when an automobile collision jammed traffic for the tunnel's entire length of one and one-quarter miles.

More than a score of persons were rushed to hospitals, and others from the United States Bureau of Mines and every other available station here were set up at the tunnel's mouth to resuscitate those overcome by the deadly gas.

Ambulances from all sections of the city were sent to the scene.

The new tunnels have only been open a few weeks and regular times of their safety are supposed to have been made. According to a report from the populous South Hills residential suburbs, they are nearly taxed to capacity during the early morning rush hours. With the street car traffic in effect here today they were jammed beyond the usual traffic rush with a heavy influx of traffic.

Police reserves were rushed in patrol wagons to guard against a stampede into the tunnel by would-be rescuers.

Just before noon it was announced by rescue workers that all those caught in the tunnel had been removed. From the hospitals where the unconscious victims were taken, it was reported that none of the gassed persons had died, and that most of the patients had been revived.

STREETS AND WALKS ARE MAJOR TOPICS BEFORE COUNCIL

The adjourned meeting of Council held at the Borough building last evening was attended by nine of the 12 members of Council and Mayor Kittelberger. It proved to be one of the busiest sessions of the year and mapped out work enough to keep the Highway Department of Council busy until the end of the late next fall.

Front Street To Be Paved. That long-discussed proposition looking to the paving of Front street from Market to South Second street was finally put across, by the passage of an ordinance unanimously which provided for this improvement. The action was taken upon a plan recommendation presented to Council several weeks ago by Chairman Reuben of the Highway Department.

The street is to be improved in the main under the state law which provides for a 50-50 assessment of the cost of such paving. This law was made for just such condition as exists on this street from Walnut street to South Second, where there is abutting property on both one side of the street.

On that part of the street from Market to the Junior High School property, the abutting owners will each pay one-third the cost of the improvement, but from the Junior High to South Second street the abutting property owners will be required to pay one-half the cost, which they have agreed to do in their petition to Council.

Want Locust and Pine Street Paved. The property owners on Locust street from Third to Fourth street presented a petition asking that this important block be paved, two-thirds of the cost to be assessed against the abutting property owners. A similar petition from the property owners to the half block extending from Second street to the alley at the rear of the Presbyterian Church property asking that section be paved was presented and both projects received the unanimous favorable action of Council.

Alleys To Be Paved. Chairman Beahan of the Highway Department recommended that the alley leading from Market to Cherry street, between Third and Fourth and the alley leading from Pine to Reed,

(Continued on Page 2)

Wife Of Secretary Work Dies While In An Automobile

Washington, May 9.—Mrs. Hubert Work, wife of the secretary of the interior, died suddenly late today in an automobile as the result of acute pneumonia. She had suffered for several years from spasmodic attacks of the disease and was 64 years of age.

Mrs. Work had been shopping and was returning to her hotel when stricken, with her being only a month besides the chauffeur.

Born at Madison, Indiana, she was married to Secretary Work at Greeley, Colo., in 1887. Soon after they went to Pueblo, where they had since resided. In addition to her husband she is survived by two sons, DuPhilip Work and Robert Work, both of Denver, and a daughter, Mrs. W. B. Sell of Evanston, Ill. Funeral arrangements have not been completed.

Grandmother at 33, Finds Time To Go To Dances And Be One Of The Girls

Reading, Pa., May 10.—Claiming she is the youngest grandmother in Pennsylvania, Mrs. John P. Fox, 33, still has time to go to dances and parties, and says she is "still one of the girls."

Mrs. Fox is the wife of John P. Fox, traffic con. the mother of Harry P. Fox and the grandmother of John P. Fox, 2d. Mrs. Harry Fox is only sixteen, but she is not so young as Mrs. John Fox was when she became Harry's mother, for she married at fourteen.

G. O. P. State Committee Will Meet at Philadelphia May 20 To Elect Officers

Philadelphia, May 10.—The Republican state committee will meet here May 20. Prior to the meeting of the committee there will be a conference of women leaders to decide upon whom they will support as successor to Mrs. Barclay H. Warburton, vice chairman of the Republican State Committee.

Mrs. Warburton announced a few days ago that she will not seek reelection. Mrs. Hannah Young Durham, of Allentown, is mentioned as a possible successor.

FIND CLEARFIELD COUNTY'S BODY DEAD ON RAILROAD

Cumbe Land, May 9.—The mangled body of Dorsey Blair Stealing 35 year old, of Houtzdale, Pa., who served in the World War, was found along the Baltimore & Ohio tracks at Amella, about five miles west of here this morning. He had enlisted in the army from Lumberton, Pa., and had served in Company L, One Hundred and Seventh Infantry. He had been employed at the Kelly-Springfield tire plant as a rubber worker. It is thought Stealing jumped from a train.

Officials of the conference said they regarded the action as an important step toward equal standing of women with men in the church. In 1904 women were first admitted to the General Conference and at the conference at Des Moines, four years ago, authority was given to grant a man license to preach.

W. J. Burns, Under Fire, Resigns As Chief Of Investigation Bureau

Washington, May 9.—Another figure, long under attack in Senate investigation, passed from the public stage today in the resignation of William J. Burns as chief of the bureau of investigation.

Mr. Burns submitted his resignation today and it was accepted, effective immediately. Attorney Stone has no one in mind to succeed Mr. Burns at present and may give no consideration to the question for another week. In the meantime the bureau will be under the direction of J. E. Hoover, assistant director.

Mr. Burns declared he was leaving after having built up the bureau to a point where it is functioning with more efficiency than ever in its history. He asserted he had accomplished a reorganization of the bureau which should easily be maintained as the greatest crime detector and crime preventing agency in the world.

The suggestion that Mr. Burns was quitting because of criticism directed at him when Attorney General Daugherty was under fire, were laughed away by the chief, who said he had twice asked Mr. Daugherty to relieve him and was requested to remain. His retirement now merely indicates he had completed several important investigations he had undertaken and he said that the condition of his health was sufficient grounds upon which he might ask to be relieved.

Mrs. Louise Croyler, of Osceola, the town over about 10 o'clock and Mills, was another woman who did her duty this week.

Wife Of Secretary Work Dies While In An Automobile

Washington, May 9.—Mrs. Hubert Work, wife of the secretary of the interior, died suddenly late today in an automobile as the result of acute pneumonia. She had suffered for several years from spasmodic attacks of the disease and was 64 years of age.

Mrs. Work had been shopping and was returning to her hotel when stricken, with her being only a month besides the chauffeur.

Born at Madison, Indiana, she was married to Secretary Work at Greeley, Colo., in 1887. Soon after they went to Pueblo, where they had since resided. In addition to her husband she is survived by two sons, DuPhilip Work and Robert Work, both of Denver, and a daughter, Mrs. W. B. Sell of Evanston, Ill. Funeral arrangements have not been completed.

Grandmother at 33, Finds Time To Go To Dances And Be One Of The Girls

Reading, Pa., May 10.—Claiming she is the youngest grandmother in Pennsylvania, Mrs. John P. Fox, 33, still has time to go to dances and parties, and says she is "still one of the girls."

WOMEN MAY NOW BE ORDAINED AS M. E. MINISTERS

Springfield, Mass., May 10. (INS.)—Methodist women yesterday won a great victory when the General Conference of the church, in session here, granted them the right to be ordained as pastors of the Methodist church. They are given the same rights and authority as men except that they will not have full conference relationship and will not be permitted to enter the itinerant ministry.

The action of the conference followed a spirited debate in which Miss M. Madeline Southard, of Winfield, Kan., led a determined group of women who demanded full conference relationship.

Another group of women, led by Mrs. S. E. Johnson, of Pasadena, Cal., favored adoption of the report of the special commission which recommended that women be admitted to ordination as local preachers. After a protracted debate, the report was adopted.

Officials of the conference said they regarded the action as an important step toward equal standing of women with men in the church. In 1904 women were first admitted to the General Conference and at the conference at Des Moines, four years ago, authority was given to grant a man license to preach.

The status of women as local preachers will permit them to have pastorate in the communities or mission centers where they reside.

CHILEAN CHILLED AFTER 7 ROUNDS WITH JOHNSON

By DAVID J. WALSH

New York May 10.—Quintin Romero-Rojas, that strange collection of sounds from South America may return to Chile at his earliest convenience without rearranging the plans of our Mr. Rickard in the "Slightest Quintin" debut before an American public last night at Madison Square Garden.

He was knocked kicking by Floyd Johnson in seven non-potential and wholly unimpressive rounds. Quintin frankly admitted, was awful.

The outcome of the affair proved that boxing, in some cases at least, is on the level. Quintin was on the level and he showed that way for full count after one minute and forty seconds of fighting in the first round.

PILL BOCK OUT OF HOSPITAL. Bill Bock is able to leave the hospital this morning after a seven weeks' siege following his fall at Hyde Park Neck plant. Bill could not stand the pressure any longer and came down from his perch to look the town over about 10 o'clock and Mills, was another woman who did her duty this week.

Nice Trip for Triplets

From Panama to Washington came these cunning triplets to visit their aunt, Mrs. Edith Bolling Wilson, widow of the late president. They are Edith, Ellen and Ralph Boyd.

ODDS AND ENDS AND THINGS

By J. D. C.

Automobiles killed 15,000 in the United States during 1923, an increase of almost 2,000 over 1922, it was estimated yesterday by the National Bureau of Casualty and Surety Underwriters. The total exceeds 17,000 if wide crossing accidents are included.

The estimates are based on statistics of 135 cities with an aggregate population of 30,128,566. The 1923 automobile death rate for these cities was 1.4 per cent. higher than in 1922. Thirty-two per cent. of the fatalities were to children under fifteen, and indicated about 5,000 children were killed.

Automobile fatalities have risen to a place as a cause of accidental death.

Motorists killed in grade crossing accidents during 1923 totaled 1,500, and about 5,000 were injured, compared with 1,282 killed and 4,025 injured in 1921.

Here, why the seasons are "not what they used to be" since that big catfish under the Island of Japan rolled over and shot down half the city of Tokyo and surrounding territory.

Oh! Mother Earth has a permanent e. She has had it all along, but it noticed only recently by a mere mortal, Ludovic MacLennan Mann.

Mr. Mann who is a member of the Royal Anthropological Institute, the Prehistoric Society of East Angli and other scientific bodies, told about his discovery in an address tonight before members of learned societies in Glasgow.

There is a large wave in slow mo-

tion within the body of the earth, said Mr. Mann. It moves around the planet once every 8,800 years, causing a slight motion in the position of the axis and the poles and giving rise to changes in climate. The discovery was made by him in comparing many ancient with modern astronomical observations.

The wave causes the terrestrial crust to pulsate, which accounts for raised and sunken land surfaces. The velocity, direction and amplitude of the wave have been ascertained. Thus the ages in years of all ancient land surface and of prehistoric periods can be determined.

Knowledge of the 8,800 rotation, Mr. Mann said, had enabled him to read astronomical registers found in most parts of Europe and America, sculptured on rock surfaces.

Judge Chase and Judge Heck disposed of twenty-one cases, with but three jury trials during this week which is indeed a fine showing.

Curwensville and Gramplan people have about the rottenest passenger service on the Pennsylvania railroad since the "Toonerville" division was inflicted on this section. If a person arrives at Tyrone on the homeward trip to one of these towns any time after 4:45 he is forced to remain right there until 8 o'clock the next morning unless he wants to take a chance on getting to Clearfield around 11:30 with little hope of getting hotel accommodations for the night. Some service in this enlightened age.

STREETS AND WALKS ARE MAJOR TOPICS

(Continued from Page 1)

between Second and Third be paved, as per petition on file, said paving to be done on the two-third basis. The recommendation was unanimously adopted by Council.

Thompson Plot Annexed
The petition of Fred J. Thompson

and W. R. Fargo for the annexation of their properties in Lawrence ship, opposite the Clearfield hospital received the sanction of Council and an ordinance providing for the annexation was unanimously passed.

The ordinance providing for the annexation of the block of lots of M. T. Bowman and Dr. Bovard on West Locust street which was passed Monday night by Council met with the disapproval of Burgess Kittelberger, who announced he would veto same because the streets and alleys through the plot were neither uniform in size nor wide enough and that the necessary streets and alleys throughout the plot had not been made as is required by Council, and which was required of all other property owners asking for annexation.

West Third Avenue Sewer.
Alex Black and S. C. Kirk were again before Council regarding a sewer on West Third avenue, south of Gulch, and the borough engineer was directed to go upon the ground and make a plan for same.

Want Sidewalks Built.

Very little attention has been paid to the notices to build sidewalks by the property owners so notified by direction of Council thus far this spring and the highway committee was directed to proceed at once with the building of these walks in every case where the time had elapsed after due notice and the property owner had made no effort to comply therewith. Councilman Poorman, of the Highway Department was placed in charge of this work and he announced that contracts for several East End walks be made at once and the walks put down, the same procedure to be followed in other parts of the town as fast as the notices were served.

East End Wants More Light
A petition for lights on Mill street and Bigler avenue were presented and referred to Light Committee.

Read Progress Want Ads for thrift.

McAdoo Is Against Field For Control Of Naming Of Democratic Chairman

New York, May 10 (INS).—Conflicting claims of control of the temporary organization of the Democratic National Convention were made today by foes and supporters of Wm. Gibbs McAdoo.

Opponents of the former Secretary of the Treasury including the friends of all other candidates, declared they would control the committee on arrangements which meets next Saturday and names Representative Harrison, of Miss., temporary chairman. David Rockwell, McAdoo manager, denied there would be a contest over the selection of a temporary chairman.

"I think we shall all get together on a temporary chairman without much of a contest," he said. "But I repeat the friends of Mr. McAdoo control the committee on arrangements."

George Brennan, Illinois leader, who is here for the meeting although not a member of arrangements committee, has announced he would support Harrison. McAdoo's foes are

trying to line up Chairman Cordell Hull and Clark Howell of Georgia for Harrison. Should they succeed they claim they will control the committee in the following manner:

For Harrison:
Norman Mack, of New York; Charles Greathouse of Indiana; Walter Moore, of Alabama; Charles Boeschstein of Illinois; George White of Ohio; Frank Hague, of New Jersey; Hull and Howell.

For a McAdoo Chairman:
J. Bruce Kremer of Montana; Homer S. Cummings of Conn; Isidor Dockweiler, of California; Samuel Amidon of Kansas; Mrs. Emily Newell Blair of Missouri and Mrs. D. A. McDougal of Oklahoma.

This prediction, it was said, is based on the line up of friends of all candidates except McAdoo, including Gov. Smith of New York; former Gov. Cox of Ohio, Senator Ralston of Indiana; Gov. Silzer of New Jersey and Senator Underwood of Alabama.

Another American Girl Finds Europe's Nobility Not Good Family Timber

Paris, May 10. (INS).—American society circles, especially that section which thrives upon the gay night life of Paris, were startled today by a sensational report that the romance of Count Ludwig Salm van Hoogstraten and his heiress bride, Millicent Rogers, has ended in disaster.

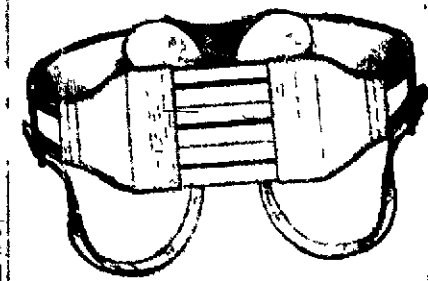

Miss Rogers, accompanied by her father, Col. H. H. Rogers, departed just before noon for Cherbourg to sail for New York upon the French liner "France."

Miss Rogers is heiress to a \$40,000,000 fortune accumulated by her grandfather, the late H. H. Rogers, a Standard Oil official.

The collapse of the romance, which for months occupied the attention of two continents, was as speedy and unexpected as the wooing and marriage in New York last January.

Are You Ruptured

We wish to announce the visit of the Collings Truss Experts at the Dimeling Hotel, Clearfield, Pa., Wednesday, May 14th. They will also be at the New Logan Hotel, DuBois, Friday, and Saturday, May 16th and 17th. Hours from 9 to 12 a. m., 2 to 5 p. m. and evenings 7 to 9.

Back View of New Invention for Rupture

We want to demonstrate to you absolutely without a penny in advance, our new invention for holding difficult or aggravated cases of rupture whether of inguinal or umbilical character. If you are ruptured you should be interested in our ability to fit you with a truss that will do its work properly and give you the greatest ease and comfort possible.

Scientific and Practical

This new Collings Truss is based on the most scientific principles for holding a rupture. It is not only representative of mechanical perfection but contains that super-power for holding a rupture without discomfort, and that makes for a cure where this result is possible.

Contains No Springs

There are no springs or metal parts used in this new truss other than the small necessary buckle; instead it is made of high-grade elastic web with soft, pliable cloth back made wider so to distribute the pressure over a broader surface. Prevents all cutting and chafing, and gives the necessary support to the pads.

It Holds the Rupture

It is easily, quickly and permanently adjusted to an even and uniform pressure can be constantly maintained at any desired tension. The patented sectional pads are adaptable and will fit any kind of rupture. As the cure progresses the pressure can be lessened without a change of pads.

It Stays Put

When placed in position, the truss stays put and does not slide or shift. Regardless of the position of the wearer's body, stooping, jumping or standing erect, the truss remains firm and adjusts itself as the occasion demands.

Comfortable Day or Night

To do its maximum amount of good, a truss should be worn continuously day and night. Upon retiring many people remove their truss, with the result that the weakened muscular tissue relax and oftentimes allow the rupture to assume the form of the hour glass protrusion. This truss can be worn at all times.

Free Demonstrations For May 14

Lady Fitter to Attend All Women Callers

Every ruptured person should visit these truss experts and learn what genuine truss comfort means. No charge for demonstration or information.

Sweet Thoughts for

Mother's Day

WHEN it comes to description—the word sweetness expresses your feeling toward Mother. Delightful sweetness is the term applied to our Candy—whether it be Mothers' Day or any other day of the year.

For this special occasion our Candies, always fresh and wholesome, carry with them the sweetest thoughts of the giver.

Chocolates, with cream, fruit or nut center or bon bons wrapped in appropriate boxes are here.

Enthusiastic Motorists Call The Chrysler Six The Measure of All Other Cars

Unbounded interest in the Chrysler Six continues unabated.

Never has a car been received with such enthusiasm in its initial appearance in this city; never before have there been such expressions of wonder and admiration.

Every motorist who has followed a study of the Chrysler Six with a thorough test on the road, agrees that the boldest possible claims can be legitimately made for this, the most discussed car in 1924.

All appreciate that its designers and builders, by reason of their intensive study and development of tried and true automotive principles, have produced a car unlike any other in existence.

The wonder is, they say, that from a motor only 3-inch bore by 4 3/4-inch stroke you get 68 horse power, top speed well over 70 miles an hour, gasoline economy safely 20 miles per gallon, acceleration that is electrifying.

The verdict is that the Chrysler Six is now the measure of all other cars in every phase of performance.

Such an overwhelming number of people are eager to ride in the Chrysler Six that some disappointments have been unavoidable. It is necessary to give all demonstrations in the order in which applications are filed. Therefore, book yourself at once.

Progress Editorials for Women

JUST PLAIN MANNERS

By FLORENCE DAVIES

In spite of all the books which have been written about etiquette during the last five years, and they are legion, there still seems to be a lot of misunderstanding about just plain manners.

There is a woman, for instance, who passes for one of the most elegant creatures this side of the court of St. James.

She dresses exquisitely, never uses the wrong fork, has a cultivated taste for artichokes and caviare, but her manners are vile.

For one thing, you dread above everything else having to introduce her to a friend.

You instinctively know beforehand that you will suffer torturing humiliation and embarrassment. Should she eat with her knife, or forget her tenses, you could explain to your friend that the woman is worthy, but has lacked advantages.

But no, it is worse than that. You know that no matter whom you brought to her, she will never, no never, pause long enough in her absorbing self-interest even to comprehend another personality.

You may say with all the emphasis in the world: "This is Mrs. Blank, she is the world's leading authority on the subject in which you are the most interested"; or "She is the wife of Prince Blank"; or "She is the president of the University of X," but your words would not be heard. The individual with this particular type of bad manners, says "How do you do," and looks over the top of your head. She keeps right on talking on something your friend doesn't understand.

Does she pause in her preoccupation with self long enough to say to your friend who is a stranger, and a new comer: "How do you do, I see you, I comprehend you, I am willing for the moment at least to just see to appear to be interested in you and what you stand for."

Not she. This woman of the elegant exterior and inward bad man-

She does not say, "We are glad to have you with us. How do you like our city—what have you to tell us of yourself or your city, your work—the things you know about which we don't know about?"

Oh no, we don't expect to hear those sentiments in so many words. But we do expect that the person who understands the give and take of good conversation and of good manners will in some way imply that much interest.

But she does not. You leave her presence with your friend, like two small children who have been hustled into the corner with your backs to the wall.

There's more to good manners than knives and forks and the right way to pronounce the word, c-i-t-i-h-e-r. There are people, and your attitude toward them. For the hundredth time, if our readers will bear with us, we remark again, "people are more important than things."

INCOME TAX PUBLICITY

The publicity feature of the Senate's new income tax measure might serve the purpose evidently intended by its supporters of having taxpayers to make more conscientious returns, but it might thereby add somewhat to the government's income tax problem.

At the same time it is hard to imagine anything more calculated to increase the unpopularity of the income tax. Millions of persons who have tolerated the tax so far, as a necessary evil, are likely to hate it with a bitter hatred if it means revealing to the general public the inmost financial secrets of their business and homes.

The big majority of taxpayers will hate it not because it demands a more exact statement of incomes and deductions, but because it seems to question their honesty and, what amounts in the public eye, for any meddler to inspect, they regard as their own private concern.

The income tax was first authorized and imposed, it is said by the government that this sort of thing would be done. The promise should be kept. Inspection of tax returns should be thorough and punishment for cheating severe, not a superfluous annoyance?

PARKS EVERYWHERE

The automobile is bringing about a demand for rural parks. They are everywhere regarded as essential. There are a few parks which have justified their existence so promptly that development of others is likely to follow soon. There is no doubt, the national parks which are preserved for the citizens of today and of the future. But the average community isn't supposed to need a park. Every farm has its own park in its orchard or its woodlot or along a ravine through which the creek runs. Why have a park set aside for a public park?

There are probably several reasons, but the chief one is to have a recreation ground where lunches may be eaten and without disturbing the farm regime. Many a farmer would have no objection at all to a quiet picnic party on his land and rambling through his woods, but "no trespass" signs because the overflow of would-be picnickers from the city is too large to be safe for his fields and posts.

Parks are full. The automobile makes it possible for people to be crowded out of the city parks to look further for their picnic grounds. A rural park would meet their need and would also furnish a playground for the farm-children in which it was located. Furthermore, it would be ready for future use, as the section became more crowded.

These are the days when everybody ought to favor parks in a suitable location.

EQUAL PAY

A new law in New York state removes whatever discrimination against women school teachers on the ground of unequal salaries for men and women. So economic justice scores a new victory at a time when it is in defeat in some other quarters.

The principle should apply in education, if anywhere. The teaching profession is largely given over to women. It is in the public schools, at least, where the big majority of teachers are employed, women are by no means inferior. In fact, as teachers of children they are usually superior.

Justice to individuals would require that a woman be paid as much as a man in any line of work, if she does as well as a man. The tendency is in that direction. More and more employers yield to it. Yet there is always, as a deterrent to feeling that women, whatever their ability and faithfulness, after all do not belong primarily in gainful occupations, and that however unjust to the individual, it may be the interest of society to continue placing a business barrier on men.

Our Equipment

"The capitalists of today were the savers of yesterday."

THE SAVINGS DEPARTMENT

By preaching saving the banks help to make capitalists of savers.

The County National, realizing its duty to the people, has a complete Savings Department. Its service includes regular savings accounts, certificates of deposit, Christmas Savings Clubs, Vacation Savings Clubs.

Interest at 3%, compounded every six months, is paid on savings accounts.

We invite the account of savers.

Progress Editorials for Women

JUST PLAIN MANNERS

By FLORENCE DAVIES

In spite of all the books which have been written about etiquette during the last five years, and they are legion, there still seems to be a lot of misunderstanding about just plain manners.

There is a woman, for instance, who passes for one of the most elegant creatures this side of the court of St. James.

She dresses exquisitely, never uses the wrong fork, has a cultivated taste for artichokes and caviare, but her manners are vile.

For one thing, you dread above everything else having to introduce her to a friend.

You instinctively know beforehand that you will suffer torturing humiliation and embarrassment. Should she eat with her knife, or forget her tenses, you could explain to your friend that the woman is worthy, but has lacked advantages.

But no, it is worse than that. You know that no matter whom you brought to her, she will never, no never, pause long enough in her absorbing self-interest even to comprehend another personality.

You may say with all the emphasis in the world: "This is Mrs. Blank, she is the world's leading authority on the subject in which you are the most interested"; or "She is the wife of Prince Blank"; or "She is the president of the University of X," but your words would not be heard. The individual with this particular type of bad manners, says "How do you do," and looks over the top of your head. She keeps right on talking on something your friend doesn't understand.

Does she pause in her preoccupation with self long enough to say to your friend who is a stranger, and a new comer: "How do you do, I see you, I comprehend you, I am willing for the moment at least to just see to appear to be interested in you and what you stand for."

Not she. This woman of the elegant exterior and inward bad man-

She does not say, "We are glad to have you with us. How do you like our city—what have you to tell us of yourself or your city, your work—the things you know about which we don't know about?"

Oh no, we don't expect to hear those sentiments in so many words. But we do expect that the person who understands the give and take of good conversation and of good manners will in some way imply that much interest.

But she does not. You leave her presence with your friend, like two small children who have been hustled into the corner with your backs to the wall.

There's more to good manners than knives and forks and the right way to pronounce the word, c-i-t-i-h-e-r. There are people, and your attitude toward them. For the hundredth time, if our readers will bear with us, we remark again, "people are more important than things."

BIRD'S ROOFS

NEPONSET Twin Shingles

Bird's Neponset Twin Shingle is the shingle that wears—and wears and wears! It has these distinctive features:—

1. Extra large—20" x 12 1/4", making three layers of shingle everywhere on the roof.
2. Extra heavy—250 lbs. to the square. Has extra asphalt waterproofing, extra coating and extra slate surfacing.
3. Spark-proof—will not catch fire from flying sparks and embers.
4. Is a two-in-one shingle that covers twice the area of an ordinary shingle—saves labor and nails.
5. Is handsome—comes in natural red, green or blue-black slate surfacing.
6. Has the arched cut-out which gives a distinctive appearance.
7. Is the "one man, one hand shingle"—packed in easy-to-handle bundles.

Your builder or carpenter will endorse every one of these facts. For your needs, specify Neponset Twin Shingles.

Neponset Twin Shingles are made by Bird & Son, Inc. (Est. 1795), manufacturers of Bird's Shingle Design Roll Roofing, Paroid Roofing, Neponset Black Building Paper and Neponset Board. There's a Bird product for every sort of building!

We are headquarters for Bird's roofings, building papers and wall board.

CLEVER SWIMMING EXHIBITION BY OLYMPIC SWIMMER

A crowd of swimming enthusiasts were the guests of the Ladies Swimming Class in the Y. M. C. A. pool last night and enjoyed the clever exhibition of all round swimming by Merrill Mossaic, the Olympic swimmer. Mr. Mossaic is the popular golf instructor of the Country Club and an all round athlete, and has kindly given these public swimming demonstrations to interest Clearfield in water sports which can be enjoyed all the year round at the Y. M. C. A. The crawl, trudgen, breast and back strokes were demonstrated to the interested ladies, many of whom were lined-up at the edge of the pool in bathing costume, while a large group stood in the gallery to view the swimming. This was followed by a number of starts on and under the water, some of which the ladies had never seen before. The ladies had the opportunity to ask many questions that will be of help to them to learn and improve their stroke in the water.

The swimming class is open to the women of Clearfield, who wish instruction in swimming, or who wish to enjoy regular swimming periods in Y. M. C. A. community pool.

The Way to Clean Fine Rugs

Your finest rugs and draperies are most quickly and thoroughly cleaned the Royal Way—by air, alone. Powerful air suction, scientifically applied by Royal Cleaner, removes both surface litter such as thread, lint and embedded dirt.

This embedded dirt is dangerous to health because it is literally alive with disease germs—too small to be swept out by brooms or revolving brushes.

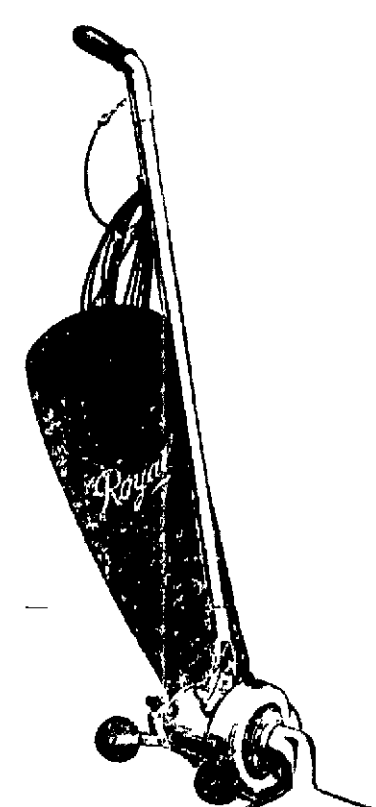

Embedded dirt also shortens the life of the rug—like sharp sand, it cuts and wears the threads at every foot-fall.

The strong air suction of the Royal Cleaner gets this doubly dangerous dirt as well as surface litter—removes it ALL from your finest rugs without the slightest injury.

Let our Royal Man demonstrate in your home, at your convenience and of course without any obligation, the latest model

GENERAL MERCHANDISE

Sunday School Lesson

Lesson for May 11
JERUSALEM'S VICTORY OVER BAAI
LESSON TEXT—II Kings 11:1-18.
GOLDEN TEXT—"Be strong in the Lord, and in the power of His might."
TOPIC—A Kind Woman
PRIMER TOPIC—The Story of a Boy King
INTERMEDIATE AND SENIOR TOPIC—God's Hand in Human Affairs
YOUNG PEOPLE AND ADULT TOPIC—What Jerusaleam Meant to Judah.

Joshua, viewed in the light of his ancestors, was a poor prospect for a king. His grandmother was the wicked Athaliah and his great-grandparents were Ahab and Jezebel. There was enough bad blood in his veins to assure his doom. Despite this fact, he brought about some noble reforms and turned the people back to God.

1. Athaliah Usurps the Throne. (vv. 1-3)
 1. Her Attempt to Destroy the Seed Royal (vv. 1-3). In order to remove any rightful claimant to the throne she tried to kill all the royal male children. The act was not of sudden impulse but of deliberate purpose.

2. Joshua Preserved by Jehoash (vv. 2-3). Though Athaliah was a wicked woman, she was the wife of the priest, and she hid him away in a chamber for six years. God had promised that through the David line the Messiah should come. In order that this line be unbroken Joshua must be preserved. No purpose of God can fail.

3. Joshua Crowned King (vv. 4-12).
 1. Jehoash's Preparations (vv. 4-11). The high priest and his wife were strong characters. As the high priest Jehoash felt that it was his duty to carry out the heathen project of Athaliah. His wife's co-operation made possible the saving of Joshua.

(1) Seeks the aid of the military leaders (v. 4). He knew somehow that these men were not loyal to Athaliah.
 (2) He took a bath of them in the house of the Lord (v. 4). He bound them to him by agreement by every available means.

(3) He invited their spirit of patriotism (v. 4). He gave them a sight of the king's son. This, no doubt, was a great surprise. Now, having seen the king's son, they would risk everything even their lives, in order to set him on the throne.
 (4) He coordinates all matters (v. 5-11). The soldiers were divided into companies and arms were distributed to them. Each group was assigned its specific duties.

(5) The coronation (v. 12).
 (1) The king's son brought forth. This was a great day in Jerusalem.
 (2) Put the crown upon him. This was the formal induction into office.
 (3) Give him the testimony. This was a solemn act of the law indicating that the king was to rule according to the law of God. The act of putting the law on the king showed that the king himself would be under control of the law.

(4) Make him king. This shows that he had been made king by the choice of the people.
 (5) Anointed him. They poured oil upon his head. This was the usual method of consecrating prophets, priests and kings.

(6) Clapped their hands. This was a shout of joy. The deed being done, they were ready to publicly proclaim it. "Long live the king!"
 11. Athaliah Slain (vv. 13-17).
 1. The case of the Coronation of Joshua (vv. 13-17). At the time she thought her place on the throne was secure and that her heathen religion had free course.

2. Her doom (v. 14). Upon her arrival at the temple she saw the king wearing the crown and surrounded by guards. She could do nothing. In her despair she exclaimed, "Treason, treason!" This was not treason, but the triumph of right over wrong—the defeat of conspiracy and plotting.

3. Athaliah Executed (vv. 15, 16). The orders were that she should not be killed in the temple. They led her out by the way of the horses' entrance to the king's palace and slew her. What a tragic end for the sinner. She can only prosper for a time.

14. Worship of the People (vv. 17, 18).
 Joshua was seven years old when he was made king. The high priest made a covenant between the Lord, the king and the people that they would be the Lord's people. In carrying out this covenant they broke down the temple of Baal and slew the priests of Baal.

When Success Fails
 There is no failure more heartbreaking and disastrous than success which leaves God out of the bargain. If you are simply setting out in life to amass mere material success, fame, created or position gained, then success will be the most dismal and disastrous failure.—G. Campbell Morgan.

The Extent of Usefulness
 Our duty is to be useful, not according to our desires, but to our powers.—Evangelical Visitor.

Pay Dollar a Day in Taxes
 The tax paid by every American family amounts to one dollar for every working day, according to a banking

CHURCHES

 7:30 Evening worship and sermon. Theme, "Obedience and It's Cost."
 7:30 Wednesday evening, "Quiet Hour." This will be our last meeting before the meeting of Synod with us. Let us do our best.
 Synod will meet with us May 19th to 22nd. Arrange to attend all the sessions if possible. Don't miss the evening sessions.
 If Mother is living bring her to church this Sunday. If she has gone to join the church triumphant, then come and honor her memory. A cordial welcome awaits you at St. John's Come!

ELEVENTH STREET METHODIST EPISCOPAL CHURCH

9:30 Sunday school.
 10:45 Boys' and girls' service. All welcome.
 2:30 Brotherhood meeting. Men wanted.
 7:45 Evening service, "The Church a Guest." A discussion of the greatest act possible on earth. The church has its mysteries. But the greatest mystery and the most blessed is one's true fellowship with Jesus Christ, in the glory of spiritual fellowship. The pulpit of Eleventh street is devoted to the effort to help in the attainment of this most vital relationship with Jesus Christ. This is the gospel so much needed by our day. If you want to think about Christ, with us, come our way.
 C. K. Gibson, Pastor.

THE PRESBYTERIAN CHURCH

Rev. E. C. Reeve, D. D., Pastor.
 9:30 Reedsville chapel Sunday school, E. L. Petersen, superintendent.
 9:45 Class No. 3.

 Wednesday evening the mid-week prayer and praise service.
 Thursday the Woman's Home and Foreign Missionary Society will hold a luncheon in the church. Miss Eva Jane Smith, missionary to India, will be present and will address the meeting in the afternoon. Every woman in the church is most cordially invited. Luncheon to be served at one o'clock. Send your acceptance not later than Tuesday.
 All strangers in town and those without a church home are cordially invited to all the services of the church.

ST. ANDREWS CHURCH

Front and Cherry
 7:30 Holy Communion.
 9:30 Church school.
 10:45 Morning prayer and sermon.
 7:30 Evening prayer and sermon.
 Richard Allen Hatch, Rector.

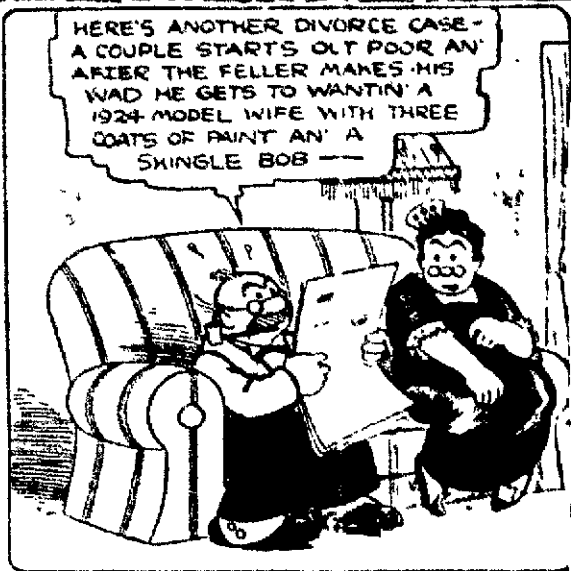

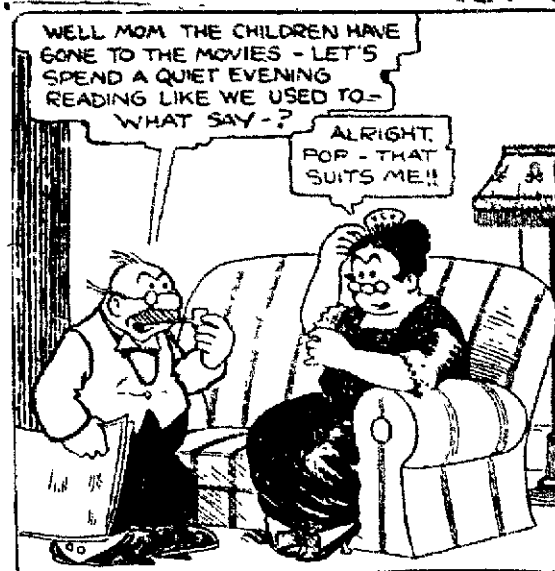

William Porter, who holds a fine position in a McKeesport drug store, is visiting his parents, Mr. and Mrs. O. B. Porter at present.
 Misses Grace Harris and Josephine Searles, of DuBois, are week-end guests of Miss Josephine McLaughlin at her home on Walnut street.

Comrade David Lutz, of Houtzdale, was in Clearfield today on business.
 George W. Thomas returned last evening to his home on Fourth street from Florida. The trip was made by auto.
 Say you saw it in The Progress.

MOM'N POP

A Quiet Evening

BY TAYLOR

Parents Owe Their Children A Good Start In Life; Rich Milk Helps

When your children are ill and they tell you "I simply can't take that medicine" or they say "I don't want to", do you let them have their own way or do you insist? You know your own answer.

Now, if your children are the kind that say, "I can't drink milk" or "I don't want to drink that", are you going to let them bias your judgment as to the better food for their bodies—the best food known to the medical fraternity for the upbuilding of bodies and minds? Possibly you have never thought of it in this light—but think it over. We do not put milk in the class with medicine but use it as an illustration.

You will have to answer to your children, in after years, for their physical condition. You select their other foods now, foods which you believe they should have to build up their bodies and minds.

See that your children have at least a quart of milk every day—you owe it to society as a whole to raise strong and healthy children. Give them plenty of milk and you will be helped to accomplish this.

AND GIVE THEM PASTEURIZED MILK. THE PROPER FOOD BEFORE AND THRU THE ADOLESCENCE PERIOD MEANS EVERYTHING TO THEIR FUTURE PHYSICAL WELL BEING.

Clearfield County Milk Producers Association and Clearfield Dairy Co.

Is Your Car Next? BETTER INSURE TODAY

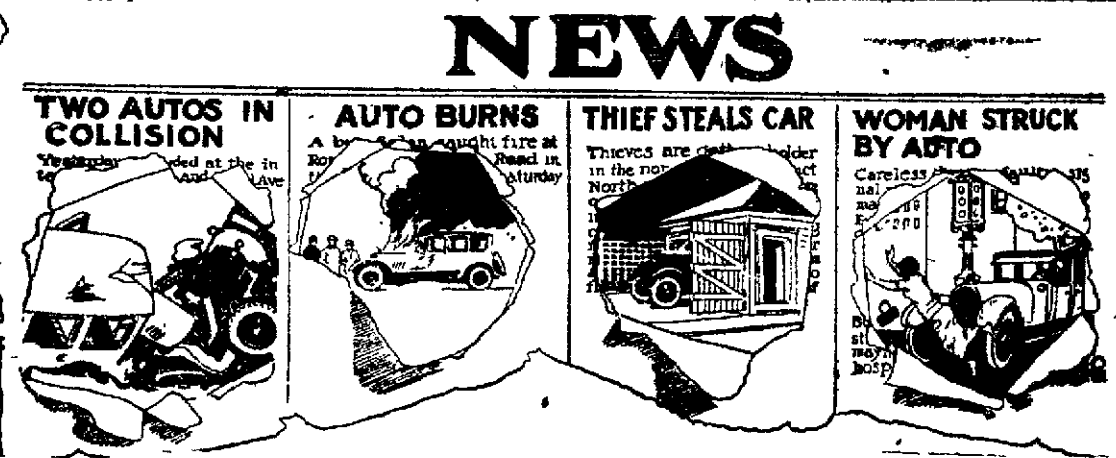

MISHAP is daily extorting its share of life and property in the form of damaged automobiles. Accidents cannot be avoided, they appear when one is least expectant and least prepared. To have your car wrecked, stolen or burned is harsh enough, but not to be covered by Automobile Insurance is tragic. We cannot prevent accidents to your car, but we can pay for them. It's a wise man who protects himself, his family, and his fellow citizens. Our policies are based on a single dominating feature—full protection to the holder. Whether you desire accident, liability, theft, fire or collision Insurance for your automobile, get our terms first.

311 Clark St., Bellwood, Penna. 4/26 5/3/10/17/24/31pd

Miss Margaret Wilkinson, of Clearfield, spent the week end with her school friend Bessie Baker.

The funeral of the late Chas. Barker held Friday afternoon at the U. B. church was largely attended.

Mother's Day will be observed with appropriate services on Sunday in the M. E. church.

The H. & W. Refractories Co., officials while on their annual inspection tour of their works and properties in this vicinity the early part of this week found everything in ship shape.

Misses Martha Hull, Velma Livingston, Norma Wheeling and Cecilia Baker attended the Senior Class party at the Clearfield High School last evening.

The Senior class of C. H. S. gave their farewell class party last night at the high school building. They tried to make it the "very best of all" and succeeded in spite of that feeling of loss which accompanies all senior festivities. The hostess orchestra made excellent music for the occasion.

Grace Underwood of Pitt University is spending the week end with her mother.

Two cases of scarlet fever were reported to the Board of Health during the past week, being the only cases of contagion to develop in the town for the week. During the same period the quarantine was lifted in three cases leaving seven cases under quarantine at this time.

The First Ward and the Fourth Ward are entirely free from communicable diseases. The Second Ward has two cases of diphtheria, while there are three cases of scarlet fever and two of whooping cough in the Third Ward, according to Health Secretary Gaulin's weekly report.

HEALTH CONDITIONS GOOD

The Senior class of C. H. S. gave their farewell class party last night at the high school building. They tried to make it the "very best of all" and succeeded in spite of that feeling of loss which accompanies all senior festivities. The hostess orchestra made excellent music for the occasion.

Surwensville's Own Column

McKinley came home from College today and was accompanied by a Mr. Shanley. McKinley and his Latin professor will make a tour of Europe, starting on their way about the 29th inst.

A social organization of Yellow held their first meeting since fall in the Opera House last night. A large class of canines initiated into the mysteries of tom, driving which process the whelps did considerable work and make-believe growling and gnawing. Members representing a dozen towns in the city were present and witnessed obsequies of several of the old hounds who have become too old to follow the pack on a scent game.

It is surprising to know that during the month of April some 243 automobiles were sold within the borders of Clearfield county, 24 Buicks, 86 Fords, 17 Chevrolets, 11 Nashs, 8 Dages, the other makes ranging from 1 to 2 making the total.

Mother's Day will be suitably observed on Sabbath morning in the Methodist church. Rev. J. V. Adams will preach at 11 o'clock, and the subject "A Good Mother." Large choruses will render special songs. In the evening Dr. Adams will preach on "The Divine Appointment."

The J. & Conner Co. has installed a new saving machine in their store. It is a bookkeeping and adding apparatus, combined with a column of adding and subtracting columns of figures. It is a very large and complete machine, but guaranteed to do work quickly and correctly.

Mr. O. A. Charnin was taken to the hospital Thursday afternoon after being injured as a patient for a long time.

Mr. W. W. is remodeling his residence on Main avenue and Mr. J. is building an addition.

I fit your...

That relieve eye...

Strain very shortly...

After you have...

Put them on. And...

My charges are...

Very reasonable.

I THANK YOU.

C. C. ARNOLD

North Third Street

and putting on a new roof at his home on same thoroughfare.

Law Whittaker has erected a \$500 garage on his property on the hill above Bridgeport. He now has the house and all he needs is a machine to put in it, which he will have in short order.

Joe Fullerton is making some alterations in his store room by removing a partition thus enlarging his room space.

"Bobby" Bilger has returned from a three week's cruise among relatives in Jefferson and adjacent counties.

Calvin Bilger, one of Bloom township's prosperous farmers, spent the week end with his son, Harry Bilger, on north Pine street. He has been

in rather poor health during the winter and has made up his mind to take things more moderate this summer, and let some one younger than he do the hard work on the farm.

BIGLER

Miss Gladys Stevens is visiting her cousin Miss Pearl M. Case in Phillipsburg this week.

Mr. and Mrs. Alex Hughes, of Clearfield, spent Sunday with the latter's mother, Mrs. Bertha Woomer.

Miss Elizabeth Walker has returned from a pleasant visit to relatives in Barree.

Miss Ruth Taylor of Osceola Mills

spent Sunday with relatives here.

Samuel Jury, of the state of Washington, is visiting his brother and sister, Edward Jury and Mrs. Emory Kyler.

Mr. and Mrs. Warren Millender and children of Josephine, visited friends here the first part of this week.

Mrs. E. F. O'Neil and two children, of Osceola, visited relatives here a few days this week.

Mr. and Mrs. John Brassington, Mr. and Mrs. Henry Mack, Mr. and Mrs. Raymond Warde and children, Mrs. Eva Warde and Miss Oral Williams of Altoona, visited at the home of H. R. Williams on Sunday.

Street Car Strike Is On At Pittsburgh; All City's Cars Stopped at Midnight

Pittsburgh, Pa., May 10. (INS)—With no street cars operating here since midnight, hundreds of thousands of Pittsburghers walked or rode in automobiles to work following the walkout of 3,200 street railway employees.

The strike call was issued late yesterday after ten days of negotiation between officials, the company and city negotiators had failed to reach an agreement of the men's demands for an increase from 67 cents to 75 and 77 cents an hour. Union men declared they had offered to compromise for 70 cents an hour at one stage of the negotiations but the offer was refused.

TYRONE VS. CLEARFIELD

The Tyrone Business Men's volleyball team will be the attraction at the Y. M. C. A. gymnasium tonight when they play the local business men a series of games. The contest will prove interesting for the locals won nine several weeks ago and lost at Tyrone a few weeks later. Admission will be free, the game starting at 8 o'clock.

Flythe and Evelyn Underwood are home from Potrage to visit their mother who has been afflicted with pneumonia for the past week.

THURSDAY NIGHT

Chicken and Waffles WILL BE SERVED

Some folks have got the idea that it's getting pretty late for chicken and waffles, but then, other folks, delighted with our chicken and waffle suppers, have asked us to keep them going as long as we can. We will.

Gossip for Tonight's Tea Table

Clearfield High's champion basketball team were guests of Mr. and Mrs. Ray Mitchell at a dinner last evening.

Mrs. Clara Lindley of DuBois, was a juror this week.

Alfred Green, of Jacksonville, Pa., was a visitor in Clearfield yesterday.

Mrs. Ethel Maines was a Kylerstown citizen who was drawn on the jury.

Mrs. Carrie Piper, of DuBois, was another woman who did court duty this week.

Mrs. Anna Smeck was a Winburne juror.

Mrs. Ed Maurer was a Grampian shopper in Clearfield yesterday.

Born, to Mr. and Mrs. Lorbera of East End, on Thursday a nine pound baby girl.

Mrs. Alfred Mitchell is here from

Grass Flat visiting her numerous friends. She went to Philipsburg to visit relatives and friends there also.

John Newcomer, tax collector of Houtzdale, was a business visitor in town this week.

Mrs. Abbie Yingling, of Westover, was a jury woman this court.

Mr. and Mrs. Thomas Russell and Mr. and Mrs. P. Russell, of Grampian, were in Clearfield yesterday to see Mrs. H. Russell, who is a patient in Dr. Rowles' hospital.

Father Potter is seriously ill of pneumonia at his home in DuBois.

A. W. Lee, P. T. Davis and W. W. Wrigley left today for a business trip to Tennessee and Iowa.

A very successful "Cake Walk" was held at the Stronach school house last evening. They had a large crowd and every one had "one splendid time."

Mrs. William Gardlock, of Curwensville visited our town Friday.

Mrs. Boyd Bressler, of Blue Ball, was in town Friday.

Mrs. Harry Daub and daughter Dolly and Mrs. Norman Durst and

little son Billie, of Curwensville, enjoyed a visit in Clearfield yesterday.

James Shively, a former Curwensville boy has been visiting his mother and old time friends. He left this week for Williamsport and Philadelphia and from there will return to his home in North Dakota.

Robinson and Co., are preparing to give their store a coat of paint.

B. Hess was a Grampian visitor to our town on Friday.

Special Mother's Day Boxes of Candy

The Better Way To Buy a Motor Car

Most persons dislike mechanical details. But how a motor car is engineered and built, and what it is built of, are both extremely important.

That is why automobile buyers today are discounting glib selling talk and demanding assurance that a car will stand up and give low-cost service.

There is only one way you can get such assurance. You must see for yourself how it is engineered and built—and of what it is built.

The Hupmobile Parts Display gives you the Hupmobile story at a glance. It is interesting—and enlightening. You should by all means see it. Come in soon.

Hupmobile brake and clutch pedals are good examples of the safety built into the Hupmobile. They are drop-forged, double heat-treated steel, also the hand brake and gear shift levers, brake rod clevises and tie-rods—much stronger and safer than the less costly low carbon steel or malleable castings often used.
